

To Lakewood family,

Welcome to Lakewood. We are thrilled to have your new student at our school. In this packet, we hope to provide information that will make your student's transition a positive experience. We have these resources available to you immediately upon enrollment:

- A **tour of the school** before your child's first day, so your child sees his/her classroom and learns where other important locations are in the school. Please text Amber Shockey, our new student liason, at 214-455-4151 to set up this tour. She or one of our other committee members will meet you at the school. At this time, we can answer questions about uniforms, lunch room procedures, and pick-up drop off procedures.
- A copy of your teacher's classroom information handed out on the first day, along with contact information for your child's teachers, classroom moms, nurse, counselor, principal and vice-principal.
- A classroom buddy will be assigned to greet your child the first day of school, eat lunch with your child, and generally be available to answer questions about classroom procedures during the day.
- Upon request to Amber Shockey (text at 214-455-4151), a classroom parent buddy will be assigned to you to help answer ongoing questions about both classroom procedures, as well as questions about after-school activities.
- Information about common after school programs that are available to Lakewood students.
- Information about uniforms.
- A spirit T-shirt that students are allowed to wear to school on Fridays.

As your child gets started, questions will certainly arise. Please contact Amber Shockey at 214-455-4151 if you are not sure who to ask.
